SUMMARY

B.Tech Computer Science & Engineering graduate with practical cloud infrastructure, systems automation, and networking project experience. AWS Certified Cloud Practitioner with a strong understanding of Linux system administration, AWS core services (EC2, S3, IAM), hardware troubleshooting, and data center environment basics.

PROJECTS

AWS Polly Text-to-Speech Automation - [link](#)

Technologies: AWS Lambda, AWS Polly, S3, Python

- Developed a serverless application using AWS services
- Configured S3 event triggers to invoke Lambda functions automatically
- Converted uploaded text files into speech using AWS Polly
- Stored generated MP3 audio files in destination S3 bucket

3-Tier Application Deployment using Docker - [link](#)

- Developed and deployed a three-tier architecture consisting of React, Spring Boot, and MySQL using Docker Compose.
- Implemented Docker networking, volume management, and service dependency configuration to enable communication between application layers.
- Created production-ready Dockerfiles with multi-stage builds to reduce image size.

Backend Deployment using Elastic Beanstalk

- Deployed a Spring Boot application on AWS Elastic Beanstalk
- Managed application environment and versions
- Understood platform-as-a-service (PaaS) deployment

Ansible Automation on AWS EC2

- Configured Ansible Controller and Managed Nodes using AWS EC2 instances.
 - Established SSH key-based authentication for agentless automation.
 - Executed ad-hoc commands and YAML playbooks for remote server management.
 - Automated package installation and service management using Ansible modules.
-

EDUCATION

Ajeenkya D Y Patil University, Pune

2022 - 2026

B.Tech - Computer Science and Engineering.

Vikhe Patil Sainik School, Pravaranagar

2019 - 2021

HSC - Computer Science

TECHNICAL SKILLS

- **Cloud:** Amazon Web Services (EC2, S3, IAM, Lambda, Elastic Beanstalk, Polly)
- **Networking:** TCP/IP fundamentals, SSH, Docker networking, client-server communication, Routing
- **Programming:** Java, Python, JavaScript, SQL
- **Backend:** Spring Boot, REST APIs, JWT Authentication, Maven
- **DevOps & Infrastructure:** Docker, Docker Compose, Kubernetes, Ansible, Terraform
- **Database:** MySQL
- **Tools:** Postman, IntelliJ IDEA, VS Code, Eclipse, Swagger
- **Operating System:** Linux, Ubuntu

CERTIFICATION

- AWS Certified Cloud Practitioner
- AWS reStart Graduate
- OCI-Oracle Cloud Infrastructure
